Nutanix: Path to IPO

Nutanix hopes to be one of the success stories in an otherwise slow 2016 IPO year. The San Jose, CA-based company provides data storage solutions to enterprises, by "converging" systems that control virtualization, cloud management and data storage. Nutanix (ticker: NTNX) boasted \$445 million in revenue in their 2016 fiscal year (which ended on July 30, 2016).
